

## TRAVEL COMMUNIQUE

20 January 2010

### AIRPORTS COMPANY OF SOUTH AFRICA HAND LUGGAGE ON DOMESTIC FLIGHTS

As part of preparations for the 2010 FIFA World Cup, the Airports Company of South Africa (ACSA), in conjunction with domestic airlines, has agreed to implement hand luggage restrictions.

These restrictions are not new but are now going to be enforced more rigorously with the purpose of ensuring a reduction in unnecessary flight delays due to the increasing frequency of airlines having to manually load hand luggage into the hold of the aircraft because items cannot fit into the cabin.

The restrictions are as follows:

- 1 bag + laptop for economy class passengers
- 2 bags + laptop for business/ first class passengers
- Weight of each bag may not exceed 7kg
- Total dimensions of each bag may not exceed 115cm (56cm + 36cm + 23cm).

Compliance with these requirements will be verified at security checkpoints.
